School Highlights

- **Family Advocacy Program:** Frances Willard participated in the Family Advocacy Program. This program helped foster strong relationships between the teacher, student, and the student's family.
- **Literacy:** A strong emphasis was placed on the improvement of reading through a Balanced Literacy Program and Animated Literacy. Frances Willard also hired two reading intervention teachers to support students who needed extra assistance.
- **Reading Is Fundamental:** The Reading Is Fundamental (RIF) program allowed students three opportunities to select books to take home, so students could add to their own personal libraries.
- **Tutoring:** Frances Willard teachers provided tutoring assistance for over seventy of our 3rd, 4th, and 5th grade students.
- **Math:** Our teachers and students were involved in their sixth year of our math curriculum called Math Investigations. Math Investigations was designed to provide hands on learning activities for students and improve their problem solving skills.
- **ESL:** Frances Willard had three full-time English Language Learner (ELL) staff members. These staff members assisted our growing number of ELL students to build language development and vocabulary skills.
- **Assessments:** Formative and summative assessments continued to play an important role in the planning and development of our school curriculum. NWEA-MAP assessments were administered for the second year at Frances Willard. Students took this formative assessment three times during the year. The data was used to inform teachers on student progress in reading and mathematics.
- **State Assessments:** Frances Willard's 3rd, 4th, and 5th grade students met the state standard in reading and math by achieving AYP on the state assessments.

Mission Statement

Frances Willard Elementary School will provide a posi**T**ive, cha**L**lenging, **C**aring and safe learning experience for all students.

This building report card is a brief summary of how your school and students are performing and the impact of your local school improvement plan. However, it should not be used as a single source to judge students or school accomplishments. No single report can tell the whole story of a district's or school's education program. This report

card does not provide information about curriculum, teaching methods, special programs, the "climate" of your school or the performance of individual teachers or administrators.

In addition, this report card is not a way of "rating" or "ranking" schools. Because of the distinct community and student characteristics, direct comparison between schools or districts are invalid. Rank-ordering school districts or schools is a clear misuse of the information. Rather, the information should be used to assess local strengths and weaknesses based on past performance and to plan program improvements.

Kansas City, Kansas Public Schools • 625 Minnesota Ave • Kansas City, KS 66101 • (913) 551-3200

***Mission:** We believe all students will reach higher levels of success and the achievement gap between student groups will disappear.*

ADEQUATE YEARLY PROGRESS

Adequate Yearly Progress (AYP) is a method for determining if schools, districts and the state have made adequate progress in improving student achievement. AYP is based on participation and performance on state assessments, as well as attendance rates for elementary and middle schools, and, for high schools, graduation rates. For the 2007-2008 school year, this school did make AYP. More information on this school's performance on the AYP measures is provided below.
