School Highlights

- Hazel Grove 3rd, 4th, and 5th grade students met the state standard in math by achieving AYP on the state assessment.
- Programs were in place to help support student academic and social success. Our Hornet Hero program recognized outstanding leadership and citizenship skills.
- Programs such as drill team, basketball, strings, and student council provided opportunities for leadership growth.
- A very strong Parent Teacher Association helped to foster a valuable home/school connection as well as providing resources and activities for our children and community.
- A strong Family Advocacy program helped to connect school staff with our parents. A wellness fair, pancake breakfast, ice cream social, father /daughter dance, fall festival, and a drive-in movie night were some of the activities enjoyed by our staff and families.
- An active Student Improvement Team met weekly to focus on the academic and social needs of our students.
- Saturday and after school tutoring was provided in reading and math for students in grades 3-5.
- An ESL teacher, translator, and numerous staff members taking ESL classes, helped to support the needs of our English language learners.

Mission Statement

The mission of Hazel Grove Elementary School is to develop critical thinkers who are self-motivated, successful lifelong learners.

This building report card is a brief summary of how your school and students are performing and the impact of your local school improvement plan. However, it should not be used as a single source to judge students or school accomplishments. No single report can tell the whole story of a district's or school's education program. This report card does not provide information about curriculum, teaching methods, special programs, the "climate" of your school or the performance of individual teachers or administrators.

In addition, this report card is not a way of "rating" or "ranking" schools. Because of the distinct community and student characteristics, direct comparison between schools or districts are invalid. Rank-ordering school districts or

schools is a clear misuse of the information. Rather, the information should be used to access local strengths and weaknesses based on past performance and to plan program improvements.

ADEQUATE YEARLY PROGRESS

Adequate Yearly Progress (AYP) is a method for determining if schools, districts and the state have made adequate progress in improving student achievement. AYP is based on participation and performance on state assessments, as well as attendance rates for elementary and middle schools, and, for high schools, graduation rates. For the 2007-2008 school year, this school did not make AYP. More information on this school's performance on the AYP measures is provided below.
