School Highlights

- McKinley 3rd-5th grade students made AYP in reading and math.
- English as a Second Language: Approximately 85% of our student population consisted of non-English and limited English speaking students. Each of our instructional staff members have completed, or are in the process of completing, their ESL endorsement.
- School Improvement Team: The SIT Team met regularly to discuss student needs (behavioral and academic), classroom interventions and the impact of those interventions.
- Student Council: The student body elected Student Council officers. The Student Council promoted all school activities to allow students to celebrate their school pride. Student Council also supported various community service projects.
- The Family Advocacy Program helped connect school staff with families. Reading and Math nights, K-5 music programs and a school carnival were some of the activities that were enjoyed by our families and staff.
- A Computer Lab Instructor was added to the McKinley staff. The Instructor provided learning opportunities for students creating curriculum and lessons that were aligned to Kansas State standards. All students in 3rd-5th grades took their Kansas State Assessments, as well as MAP tests, online.
- After school tutoring was provided in Reading and Math for students in grades 3-5.
- A Parent Teacher Association was organized to help to foster a valuable home/school connection.

Mission Statement

Our Mission at McKinley Elementary is to provide an education that will enable the students to meet the required Kansas State Standards, so they become independent, responsible, life long learners.

This building report card is a brief summary of how your school and students are performing and the impact of your local school improvement plan. However, it should not be used as a single source to judge students or school accomplishments. No single report can tell the whole story of a district's or school's education program. This report card does not provide information about curriculum, teaching methods, special programs, the "climate" of your school or the performance of individual teachers or administrators.

In addition, this report card is not a way of "rating" or "ranking" schools. Because of the distinct community and student characteristics, direct comparison between schools or districts are invalid. Rank-ordering school districts or schools is a clear misuse of the information. Rather, the information should be used to access local strengths and weaknesses based on past performance and to plan program improvements.

Kansas City, Kansas Public Schools • 625 Minnesota Ave • Kansas City, KS 66101 • (913) 551-3200

***Mission:** We believe all students will reach higher levels of success and the achievement gap between student groups will disappear.*

Report Card 2007-2008

ADEQUATE YEARLY PROGRESS

Adequate Yearly Progress (AYP) is a method for determining if schools, districts and the state have made adequate progress in improving student achievement. AYP is based on participation and performance on state assessments, as well as attendance rates for elementary and middle schools, and, for high schools, graduation rates. For the 2007-2008 school year, this school did make AYP. More information on this school's performance on the AYP measures is provided below.
