### School Highlights

- **Morning Assembly** — Students at Claude Huyck School began each day reading in the gym. While some students ate breakfast, others waited in the gym for class to begin. They practiced silent reading, partner reading, practiced math facts and participated in mental math activities. They also received a preview of special events for the day and reviewed school-wide academic and behavior goals.
- **Student Council** — Students selected classmates to participate in the Student Council. Meetings were held once a month and were sponsored by a classroom teacher. The students had a list of projects that they accomplished each month. They also organized service projects for the students to participate in through out the year.
- **Fall Family Night** — Students in grades K-5 participated in Fall Family Night. Each classroom provided individual and group projects for display. The projects were all instructional and gave the parents a view of Kansas standards taught in the area of Math, Science and Writing.
- **RIF (Reading is Fundamental)** — Claude Huyck students all participated in three RIF activities throughout the school year. This free distribution of books helped the students to increase the number of books in their home libraries.
- **Eagle Awards** — Each quarter students were rewarded for their efforts in behavior and academics. During the four quarters of the school year over 200 students were rewarded for following Claude Huyck School behavior and academic expectations and for improving in schoolwork and behavior.

### Claude Huyck's Mission Statement

Claude Huyck School will provide an environment where students will excel in academics and character in order to become successful members of their community.

This building report card is a brief summary of how your school and students are performing and the impact of your local school improvement plan. However, it should not be used as a single source to judge students or school accomplishments. No single report can tell the whole story of a district's or school's education program. This report card does not provide information about curriculum, teaching methods, special programs, the "climate" of your school or the performance of individual teachers or administrators.

In addition, this report card is not a way of "rating" or "ranking" schools. Because of the distinct community and

student characteristics, direct comparison between schools or districts are invalid. Rank-ordering school districts or schools is a clear misuse of the information. Rather, the information should be used to assess local strengths and weaknesses based on past performance and to plan program improvements.

## ADEQUATE YEARLY PROGRESS

Adequate Yearly Progress (AYP) is a method for determining if schools, districts and the state have made adequate progress in improving student achievement. AYP is based on participation and performance on state assessments, as well as attendance rates for elementary and middle schools, and, for high schools, graduation rates. For the 2008-2009 school year, this school did make AYP. More information on this school's performance on the AYP measures is provided below.
