School Highlights

- Eugene Ware Elementary School continued to make Adequate Yearly Progress in Reading and Math, as validated by Kansas State Assessment scores.
- Over 89% of third, fourth, and fifth grade students scored proficient or above in Reading and over 94% of our students scored proficient or above in Math on the Kansas State Assessments.
- Extra support in reading and math was provided to assure that no child was left behind.
- Differentiated Instruction was used in all classrooms to meet the educational needs of all students.
- Curriculum-based field trips and special projects provided diverse learning opportunities.
- Parent outreach/participation was high in Family Advocacy.

Eugene Ware's Mission Statement

The mission of Eugene Ware School Community is to provide a responsible and challenging learning environment in which students will develop a positive self-image as active lifetime learners striving to reach their goals.

This building report card is a brief summary of how your school and students are performing and the impact of your local school improvement plan. However, it should not be used as a single source to judge students or school accomplishments. No single report can tell the whole story of a district's or school's education program. This report card does not provide information about curriculum, teaching methods, special programs, the "climate" of your school or the performance of individual teachers or administrators.

In addition, this report card is not a way of "rating" or "ranking" schools. Because of the distinct community and student characteristics, direct comparison between schools or districts are invalid. Rank-ordering school districts or schools is a clear misuse of the information. Rather, the information should be used to access local strengths and weaknesses based on past performance and to plan program improvements.

ADEQUATE YEARLY PROGRESS

Adequate Yearly Progress (AYP) is a method for determining if schools, districts and the state have made adequate progress in improving student achievement. AYP is based on participation and performance on state assessments, as well as attendance rates for elementary and middle schools, and, for high schools, graduation rates. For the 2008-2009 school year, this school did make AYP. More information on this school's performance on the AYP measures is provided below.
