[John F. Kennedy Elementary School Website](#)

School Highlights

- **Opening Activities:** Students began each day reading. While students waited for the 8:55am bell, they sat quietly in the halls reading or completing unfinished work.
- **Multi-Age Classroom:** A multi-age classroom, grades 4/5 was available at the intermediate level. Multi-age education emphasized developmentally appropriate practices and provided continuity of care for student.
- **Reading is Fundamental (RIF):** Students chose a free book on three different occasions throughout the school year to add to their personal library and to create interest in reading outside the classroom.
- **Science Fair:** A school-wide Science Fair was held for all students in grades K-5. The purpose of the fair was to provide an opportunity for students to engage in the scientific process and to display their projects for parents and the school community.
- **Health Fair:** A community Health Fair provided opportunities for parents and community members to gain information about healthy living, foods and nutrition, exercise and safety.
- **Community Outreach:** Students participated in the "I GAVE A CAN" drive to provide canned food and other food supplies to Crosslines for Thanksgiving.
- **Kennedy School Drill Team:** The drill team, composed of 5th grade girls, performed at school functions.
- **Student Senate:** Students elected classmates as representatives. The senate provided leadership training for students.
- **Student Improvement Team (SIT):** The team met regularly to discuss academic and behavioral needs of students. Recommendations for classroom interventions are made to support student growth.
- **KU Nutrition Project:** Students in grades 3-5 participated in the project. The purpose of the project was to provide students with information regarding healthy living.

JFK's Mission Statement

The John F. Kennedy School will empower all students to become independent thinkers, life-long learners and problem solvers, exhibiting academic excellence and respect for self and others.

This building report card is a brief summary of how your school and students are performing and the impact of your local school improvement plan. However, it should not be used as a single source to judge students or school accomplishments. No single report can tell the whole story of a district's or school's education program. This report card does not provide information about curriculum, teaching methods, special programs, the "climate" of your

school or the performance of individual teachers or administrators.

In addition, this report card is not a way of "rating" or "ranking" schools. Because of the distinct community and student characteristics, direct comparison between schools or districts are invalid. Rank-ordering school districts or schools is a clear misuse of the information. Rather, the information should be used to assess local strengths and weaknesses based on past performance and to plan program improvements.

Report Card 2008-2009

ADEQUATE YEARLY PROGRESS

Adequate Yearly Progress (AYP) is a method for determining if schools, districts and the state have made adequate progress in improving student achievement. AYP is based on participation and performance on state assessments, as well as attendance rates for elementary and middle schools, and, for high schools, graduation rates. For the 2008-2009 school year, this school did not make AYP. More information on this school's performance on the AYP measures is provided below.
