[T. A. Edison Elementary School Website](#)

### School Highlights

- **Student achievement in reading:** Preliminary results indicate 68.8% of our third, fourth and fifth graders performed at proficient or above on the state reading assessment.
- **Positive achievement in math:** Preliminary results show 82% of our third, fourth, and fifth graders performed at proficient or above on the state math assessment.
- **Participation in Reading Programs:** The Just Read program encouraged students to read outside of school and helped to develop a love for reading. Our students read and recorded the number of pages they read weekly and each semester we celebrated their dedication to reading. The students read over 1,000,000 pages during the 2008-09 school year. RIF (Reading Is Fundamental), Hooked on Books and Summer Readers Achievers helped provide extra incentive by supplying students with books to read. Each child received books of his/her choice at least 4 times throughout the year.
- **Family Advocacy System:** We valued the importance of involving everyone in our school community to better engage students. We promoted continuous communication with parents through newsletters, conferences and phone calls. In 2008-09, the building reported over 95% participation in Family Advocacy meetings.
- **United Way campaign:** Our students raised \$1,000 to donate to the United Way.
- **Family Involvement Nights:** Our school hosted evening events that provided parents with information and resources to help their child at home. Live animals, interactive art activities, make-it and take-it games and exploratory computer interactions were a few of the ways we engaged our families.
- **Excellence in Education:** This program recognized students quarterly who had perfect attendance, performed well academically and displayed positive behavior. 145 awards were presented throughout the year to 95 different students. The program was sponsored by the University of Kansas Medical Center Security and Rosedale Association.
- **Curriculum enrichment:** Our teachers planned and developed curriculum that engaged students in a wide range of learning activities. Students in first, third, fourth and fifth grade had weekly technology instruction. Field trips taken to enhance our curriculum included Schlagle Library, Union Station, Earthworks, STARBASE and Exchange City.
- **Implementation of Math Investigations Curriculum:** This curriculum offered in-depth experiences in number, data, geometry and the mathematics of change. Students were encouraged to express mathematical thinking and develop their own strategies to solve problems.
- **On-going staff development:** Weekly staff development sessions were driven by the goals outlined in our

school improvement plan. Our focus was to further develop the knowledge and expertise of our staff, improve instruction and increase student achievement.

- **Tutoring and Book Club:** Students participated in after school tutoring in the areas of reading and math. Teachers used this time to individualize instruction. Before school book club gave students the opportunity to deepen their thinking around thinking strategies and use higher level thinking skills.

## T. A. Edison's Mission Statement

Together we will create a safe, caring and academically driven environment where high expectations create successful learners.

### Vision Statement

T.A. Edison students will be academically prepared, respectful, self-sufficient, contributing citizens of their community.

This building report card is a brief summary of how your school and students are performing and the impact of your local school improvement plan. However, it should not be used as a single source to judge students or school accomplishments. No single report can tell the whole story of a district's or school's education program. This report card does not provide information about curriculum, teaching methods, special programs, the "climate" of your school or the performance of individual teachers or administrators.

In addition, this report card is not a way of "rating" or "ranking" schools. Because of the distinct community and student characteristics, direct comparison between schools or districts are invalid. Rank-ordering school districts or schools is a clear misuse of the information. Rather, the information should be used to access local strengths and weaknesses based on past performance and to plan program improvements.

## ADEQUATE YEARLY PROGRESS

Adequate Yearly Progress (AYP) is a method for determining if schools, districts and the state have made adequate progress in improving student achievement. AYP is based on participation and performance on state assessments, as well as attendance rates for elementary and middle schools, and, for high schools, graduation rates. For the 2008-2009 school year, this school did not make AYP. More information on this school's performance on the AYP measures is provided below.
