School Highlights

- **STARS Project:** Structured behavior management program that rewarded positive behavior, homework completion and attendance with monthly assemblies, Student of the Week and Student of the Month Assemblies.
- **Family Advocacy program:** Supported by all staff — each student had two advocates that worked as a team to implement the district's Family Advocacy System. The teacher and their partner met with students for thirty minutes each week for an activity. Parent contacts were made regularly.
- **English as a Second Language (ESL):** Approximately 65% of our student population consisted of non-English and limited English speaking students. 95% of the staff at Whittier were ESL endorsed or were taking classes towards endorsement. The site had three ESL teachers and three aides. ESL staff continued working with Diana Geisler as part of Reading First and with the District ESL department to develop skills in oral language development.
- **Parent Liaison:** We had a parent liaison who worked closely with staff and administration to support and connect parents to the school. Many services were provided to parents: family nights, support of PTA, participation in the Central Avenue Parade and McDonald's – McTeacher's Night.
- **Social Worker:** The site used additional funding to support this position. The social worker supported connections between staff, students, families and communities. This included parenting classes, support with Family Advocacy System and English classes for parents.
- **School Improvement Team:** The SIT met regularly to discuss student needs (both academic and behavioral), classroom interventions, and the impact of the interventions for students.
- **Reading First Program:** Whittier was part of the Federal Reading First Initiative. Teachers had considerable training in reading instruction throughout the school year. Four Collaboration teachers and three instructional coaches supported the initiative. Whittier students showed growth in reading performance based on assessments given during the year.
- **Representatives of Whittier (ROW):** A Principal's Advisory Team met with the Principal, Assistant Principal and the instructional coaches to make recommendations on curriculum and business matters at the Whittier school site.
- **Computer Lab:** Whittier had a computer lab and technology teacher who integrated technology into the day-to-day instruction of the Kansas SBIs in all academic areas. The site also had four classroom mini-labs that allowed students to integrate all curriculum through technology. Teachers also had access to interactive whiteboards.
- **Partnership with KidZone, LULAC, Jefferson Learning** and Whittier Elementary School provided after

school tutoring programs in language arts and math.

- **Family Nights:** Whittier offered several opportunities for parents to participate with their children in evening programs including Open House, Music Programs and Family Literacy and Family Math Nights.

Whittier's Vision Statement

Professional, dedicated teachers providing effective instruction to help students become: confident, contributing, life-long learners in a safe, caring, and engaging environment fully supported by our parents and community.

This building report card is a brief summary of how your school and students are performing and the impact of your local school improvement plan. However, it should not be used as a single source to judge students or school accomplishments. No single report can tell the whole story of a district's or school's education program. This report card does not provide information about curriculum, teaching methods, special programs, the "climate" of your school or the performance of individual teachers or administrators.

In addition, this report card is not a way of "rating" or "ranking" schools. Because of the distinct community and student characteristics, direct comparison between schools or districts are invalid. Rank-ordering school districts or schools is a clear misuse of the information. Rather, the information should be used to assess local strengths and weaknesses based on past performance and to plan program improvements.

Kansas City, Kansas Public Schools • 625 Minnesota Ave • Kansas City, KS 66101 • (913) 551-3200

Vision: Striving to Become One of the Top 10 School Districts in the Nation.

Current Accreditation Status: Accredited

Title 1 School on Improvement for the past 6 years.

ADEQUATE YEARLY PROGRESS

Adequate Yearly Progress (AYP) is a method for determining if schools, districts and the state have made adequate progress in improving student achievement. AYP is based on participation and performance on state assessments, as well as attendance rates for elementary and middle schools, and, for high schools, graduation rates. For the 2008-2009 school year, this school did not make AYP. More information on this school's performance on the AYP measures is provided below.
